

Breast Cancer Awareness Month (October): Fight Like a Girl Sachets, Referral Scripts, & Breast Cancer Awareness Tables

Directions:

Spray a jumbo cotton ball with the "Thinking of You" fragrance. Wrap the cotton ball in tulle and tie with a ribbon, then attach the tag (the tags print best when the back side is upside down and are also easier to read on your sachets like that). Fill up a Miracle Set bag or a cute basket with sachets, some pens, and drawing entry forms. Hand them out at businesses, doctor's offices, schools, anywhere there are women! Let them know you are promoting breast cancer awareness and they can grab one to keep in their dresser. Whenever they see it, it can remind them to do their monthly self-exam. While they are picking out their sachet (it's fun to use different colors of tulle so they can pick their favorite color), let them know they can enter to win a full-sized bottle of the fragrance.

Here are tags for you to print:
